## A New Home for Anteks

Everyone at some point needs a fresh start, something to change things up. Twenty-year Lover's Lane staple [Anteks](#) Home Furnishings in Dallas has found a new eco-friendly home in the Dallas Design District. The 8,000-square-foot showroom with concrete floors, antique and salvaged wood, and Thybony wallpaper highlights provides a backdrop for the antiques, heirlooms, collectibles, custom furniture and upholstery, design services, and sophisticated yet western-rustic inventory [Anteks](#) is known for. The new store is more designed-based and has a more residential feel than the previous location, which owner Jason Lenox thinks will help customers translate the [Anteks](#) style into their own homes. Although open to the public, Lenox is currently offering a 30 percent discount to the interior design trade on everything in stock as well as 40 percent off on all special orders. The new store is located at 1135 Dragon Street, Dallas, Texas 75207.

Until you make your way over to Dragon Street, here is a sneak peek:
